Subject: Re: NAS Formaldehyde Task Order

Background in terms of a timeline of the history of this assessment, as well as previous formaldehyde IRIS assessment efforts?

I'm working on arsenic and formaldehyde so double the fun...! Let me see if I can find John. If John doesn't have it, do you have some updated background information on the assessment? Like a short history from the tox review that I can summarize in the task order.

Thanks!

Dahnish

Welcome on board the formaldehyde train Dahnish!!! I think John Whalan may be the person you want to talk with about the previous NAS review.

Subject: NAS Formaldehyde Task Order

Hi Barbara/Andrew – Hope you both had a great weekend. Do either of you have the previous NAS task order to review formaldehyde? I know it's been a while, but I did want to check before writing something from scratch.

We are getting ready to submit a task order for the formaldehyde peer review. As of now, Vicki and I will be the TO CORs.

Thanks!

Dahnish
